

**WILLIAM GASKILL, M.D.**  
Chief Medical Officer  
AgeRight Clinical Services

“I’m so proud to work for a company that is committed to improving the quality of our residents’ lives, and even helping fulfill some of their dreams.”

**GET TO KNOW DR. GASKILL**

It took a spirited cribbage game with a beloved assisted living resident at Marquis Forest Grove to jump-start William Gaskill’s health care career. He was in his 20s, working as a caregiver in the facility while aspiring to become a writer, and between turns, the resident looked up from the board and said, “You know, you would make an excellent physician. You should go to medical school.” The seed was planted, beginning a journey as a physician that has been primarily dedicated to serving seniors.

After spending 15 years as a hospitalist and medical director in a skilled nursing facility, Dr. Gaskill joined AgeRight Clinical Services as Chief Medical Officer. Besides overseeing the always growing team of providers, he delivers resident care himself, and is Medical Director at Marquis Vermont Hills. Dr. Gaskill is also Plan Medical Director for AgeRight Advantage, a Medicare Advantage insurance product.

His work at AgeRight is shaped by his previous positions in acute and senior care, where he observed challenges and gaps in care for those transitioning from a hospital to a skilled nursing facility. “This is a really satisfying place to practice excellent medicine,” he said. “I’m so proud to work for a company that is committed to improving the quality of our residents’ lives, and even helping fulfill some of their dreams.”

Dr. Gaskill is a graduate of the Loma Linda University School of Medicine, and completed a general surgery internship at Wake Forest Baptist Medical Center, and a Family Practice Residency at the University of North Carolina. He is board certified in Family Medicine, as well as Palliative Care and Hospice.

Outside of work, Dr. Gaskill is an avid disc golfer, with a collection of hundreds of discs. He also enjoys skiing, snowboarding, wakeboarding and sailing, and is looking forward to learning kiteboarding in the Columbia River Gorge.
